The image shows a technical drawing of a component, likely a core or body, with a complex, irregular shape. The drawing is defined by a solid black outline. The shape is roughly rectangular but has a slanted left edge and a small notch at the bottom left corner. The drawing is positioned on the left side of a larger grid. The grid consists of a vertical line on the right and two horizontal lines, one at the top and one at the bottom, intersecting the vertical line. The text '13. Left' is located in the upper-left quadrant of the shape, and '13. body core \*2' is located in the lower-right quadrant. The overall appearance is that of a technical drawing or a schematic diagram.
